If possible, can we please put two drinking water related items on the agenda for the 2/11 WED General? The items are: (1) SDWA Section 1431 petition for nitrate contamination in the Lower Umatilla Basin in Oregon and (2) **Non-responsive per agreement**

Re: item (1) we talked with Region 10 this week and think an update at the General may be best way to address the questions Rosemarie and Kristin forwarded from Larry earlier this week (email attached).

Re: item (2), **Non-responsive per agreement**

Non-responsive per agreement
